

### **Covid-19 Refund Policy:**

If we must cancel the competition due to Covid-19 3 weeks before the competition starts we will be able to issue a full refund to all athletes. If we are forced to cancel within 3 weeks of the competition we will be able to refund all but \$15 of the entry fee. This is due to the free gymnast gifts and other non-refundable items. In the event that we must cancel within that window, we will ship all gymnasts & coaches' gifts to the clubs.

Athletes that test positive for the virus within 2 weeks of the competition will receive a 50% refund. The athlete must have a doctor's note stating when their quarantine time began and ended. The competition dates must fall within that time frame.

### **Covid-19 Safety Protocols:**

Depending on the risk category we are in at the time of competition, we may implement some or all of the following safety protocols for our gymnasts, coaches, judges, and spectators:

- Will create entry and exit points out of each gym
- Sanitizing stations will be placed throughout the facility
- Facemasks will be required to be worn inside of the facility. Gymnasts will be allowed to take off their facemask while warming up or competing.
- Number of athletes in each session may be limited to decrease total number of people in the facility
- Temperatures will be checked upon entering the facility. Anyone with a temperature of 101 or higher will not be allowed to enter
- Cleanliness of the facility will be one our top priorities
- Coaches will be encouraged to have their team social distance from other teams and judges
